ABOUT THIS WORK

Discreet Coverage for Private Events

Candid, documentary coverage for private luxury events, VIP receptions, yacht evenings, private dinners, and destination celebrations. The work is to document the atmosphere, the guests, the detail, and the emotion of the room – without interrupting the event or turning it into a staged photoshoot. Quiet on the floor, considered in the edit, and delivered with discretion.

HOW IT WORKS

- Discreet on-site presence — guests should forget the camera is there
- Atmosphere, hospitality, and detail documented as the evening unfolds
- Elegant, restrained editing — colour and selective black-and-white
- Privacy-aware delivery; usage and discretion agreed in advance
- Fast, private galleries for the host, the venue, or the planner

Discreet candid coverage for private and hospitality-led events. A representative selection; full references available on request.
