ABOUT THIS WORK

Rodeo Coverage

Full-contact rodeo coverage — bull riding, barrel racing, bullfighters, and the competitors who live it. Shot tight to the action and close to the people: the chute, the turn, the dust, the save, and the quiet moments after the eight seconds. Built to work fast in hard arena light and deliver frames that carry the energy of the day.

COVERAGE STRENGTHS

- Marquee disciplines — bull riding, barrel racing, and full arena action
- Decisive, fast shooting in low, mixed, and harsh arena light
- Athlete, animal, and bullfighter detail — chute prep, the ride, the save, and the moments between
- Behind-the-scenes range — trailer side, warm-up, and cool-down with horse and rider
- Images built for sponsor recap, event promotion, social, and editorial use

Rodeo and arena-sport event coverage. Discipline-led; a representative portfolio of rodeo work.
