

CANDID WEDDINGS / ELOPEMENTS / INTIMATE CEREMONIES

Candid Weddings

Coverage for couples who want to enjoy the day · The real moments, not a portrait session

ABOUT THIS WORK

Candid Wedding & Elopement Coverage

Not a regular wedding photographer. We get the necessary portraits, family photos, and couple shots — calmly and early — then the camera goes quiet and the day gets to be the day. Ceremony emotion, guest reactions, reception energy, the dance floor, the quiet in-between moments. Documentary coverage for couples who came to get married and be with the people they love, not to spend the night being arranged for a camera.

COVERAGE STRENGTHS

- The necessary portraits — couple, family, and group photos, handled well and without taking over the day
- Ceremony emotion — vows, first looks, and the reactions as they happen
- Reception energy and dance-floor movement — the part everyone remembers
- Guests, laughter, and atmosphere — the room as it actually felt
- Elopements and intimate weddings — the same documentary eye, scaled to a smaller day

Candid, documentary wedding and elopement coverage. A representative portfolio across full weddings, receptions, and intimate ceremonies.
